User stories

As a visitor, I want to view details about the site owner on the **About Page**, so I can learn more about their skills and background.

As a visitor, I want to browse projects on the **Projects Page** and view detailed information for each on the **View Project Page**.

As an admin, I want to add, update, and delete projects from the **Dashboard**, so the content stays current.

As an admin, I want to manage contact form submissions via the **Dashboard**, so I can respond to inquiries efficiently.
